

9th June 2023

Dear Parent / Carer

Sex and Relationships Education (SRE) — KS2

In line with our SRE policy, KS2 students will receive lessons about puberty – male and female. Some of these sessions will be delivered to single sex groupings to ensure the children feel comfortable and at ease to ask questions about their own changing biological body.

The sessions will take place during the second half of the summer term.

It will give our students the chance to gather an understanding of these changes and ask questions in a safe environment. The session will be led by the English team as part of their PSHE sessions.

This is an important part of their SRE curriculum and we consider this to be a valuable part of every child's education, because it provides them with good quality information which will enable them to make well informed life choices. If you would like to discuss this further, please contact me through the office or email jcr@sslp.uk

Yours sincerely,

Mrs J Cadwallader
