

Dear Parents and Carers,

This year, we are doing sports day a little differently. Students will be invited to participate in a range of athletics events over the next week or so depending on the good humour of the weather. For safeguarding reasons, we are not able to open every event to spectators from outside of school, but we would like to invite you to join us to cheer on your children for a range of track events taking place on Monday 17th July.

All students will be given the opportunity to participate in at least one track event and we hope that they will all choose to do so. However, we realise that this is not everyone's idea of fun and students may opt to take part in a field event instead at another point when only their classmates are in attendance. If your child chooses to participate in one of the track events scheduled for this day, they will bring home a slip informing you of the track event they will be doing.

Should you wish to spectate, we will be opening an area of the field for parents and carers to sit and watch the action. I am sure that you will understand that having a number of adults on site during a working day is something that we have to organise very carefully and I do have to ask that visitors stay in the allocated area and do not wander about the site or mix with students. Safeguarding students is top priority, so we will also not be able to offer use of toilets etc as the school will be in progress. However, I am sure that the sessions will be a lot of fun – we might even throw in the odd silly race (I have heard mention of broomsticks) and we would really love to see you there.

The day will run with two sessions of track events:

10.45 – 11.45 KS3 students – please arrive no more than 10 minutes beforehand.

1.45 – 2.45 KS2 students - please arrive no more than 10 minutes beforehand.

Normal PE kit will be worn on the day and please ensure that your child has a refillable water bottle, sunhat and sun cream should the weather decide to be kind to us. Should the weather be inclement on the day, meaning that conditions are unsafe, we will let you know as soon as possible via the SIMS app, website and our Facebook page.

We hope to see you there.
