School Disco Thursday 15th May

Dear Parents and Carers,

By popular demand, we will be hosting a school disco on Thursday 15th May. It will be an evening featuring favourite tunes and dancing to raise money for school fund from which we purchase extras for the children that we would otherwise not be a position to provide.

We will host separate disco sessions for each key stage.

KS2 from 5.45 – 7.00pm

KS3 from 7.15 – 8.30pm

This is a great opportunity for the children to mix and have fun with their peers so we would like to keep the evening **mobile phone free** to encourage this. If children need to bring one along, it should be handed in as they arrive where it will be bagged and stored away until it is time to go home. However, we would prefer that they were left at home as they are brought at the owner's own risk – school cannot accept any liability for them.

If your child would like to join in the fun, please give permission and make **payment via Parent Pay** as we are now a cashless school. Sadly, we cannot admit anyone who does not have **written parental/carers permission** or who has not paid in advance. The charge will be £3.00 and will include a drink and snack. Water will also be available.

For their safety, KS2 children must be collected promptly by an adult or permission for them to make their own homeward journey must be given to staff via Parent Pay. To ensure that all children are collected safely, we will open the entrance door to the left of reception and we will invite parents and carers to walk down to the gym where the children will be waiting.

We will call out the name of the child/children you are collecting to ensure that everyone leaves with the correct adult. Only those who have given permission for children to walk home will be allowed to leave unaccompanied.

We thank you for your support and look forward to an enjoyable evening.

Kind regards,

Michelle Burrington
Headteacher
